

GRILL PEGS & CATCHERS

For fastening speaker front dust guard

Male Peg - Model #900102

Fits catcher models #900112, #900113 & #900116

Product index: 051-0100

Application:

Grill Pegs & Catchers are used to click-mount a protective / decorative fabric dust guard on the front plate (baffle) of speakers.

Usually a wooden frame is fashioned and the male pegs are mounted into pre-drilled holes in the frame.

On the speaker front plate matching holes are drilled and the female catchers are mounted to line up with the male pegs mounted to the frame.

The frame is then clicked into place in the front plate.
